SEED

TECHNICAL FEATURES

RMB Shape Material

Our frames are made from shape-memory injected plastic, ensuring perfect hold on the face and excellent comfort for the wearer.

Smart Hinges

These smart hinges are designed for intensive daily use.

Invisible, they offer many different advantages, including the fact that you'll never notice them.

Side F-Ect

With these ergonomic temples, you can move without anything else moving.

Adjustable, they don't press on the temples and stay firmly in place whatever the circumstances.
