## BEACH / LENSES AVAILABLE

**SPECTRON3**  
POLYCARBONATE

**Spectron 3**

- > protection category: 3
- > Available in RX Trem (prescription sunglasses program)
- // Light yet offers good shock resistance, is multipurpose and is suitable for all types of activity.

**POLARIZED3**  
POLYCARBONATE

**Polarized 3**

- > protection category: 3
- > Polarizing: Eliminates bounce-back glare on reflective surfaces
- > Available in RX Trem (prescription sunglasses program)
- // Light, and offering good shock resistance, it is multipurpose and suitable for all types of activity at sea or in the mountains.

**SPECTRON3CF**  
POLYCARBONATE

**Spectron 3 CF**

- > protection category: 3
- > Flash coating: improves visible light filtering with mirror effect lenses. It reflects the rays of light and increases the filter effect.
- // Light yet offers good shock resistance, is multipurpose and suitable for all types of activity.
